Title

Covid Tracker

Description

- Users can see the latest COVID-19 stats by country
- Users can select different countries to show recovered vs acquired cases in graph form

User Story

As a small business owner I WANT to see the current COVID stats so that I can predict the resumption of work.

COVID-19 Tracker

Search bar - by country

Submit

Get Daily Report Totals*

Date range:
00-00-00 -- 00-00-00

Pie graph

Result of the search

*Get Daily Report totals - display acquired vs recovered
